

dōTERRA

# DAILY NUTRIENT PACK™

The dōTERRA Lifelong Vitality Pack (LLV) has long been a great source of nutrients for our customers and has changed many lives. Everyone needs a good multivitamin along with a quality essential fatty acid. For this reason, the LLV pack contains Microplex MVp, xEO Mega, and Alpha CRS+. The Microplex MVp and xEO Mega fill those respective roles and both have new and improved formulas. The Alpha CRS+, still the same formula, is the third component to the LLV pack added to support cellular health and energy. For more information on each of those products, please see the Product Information Pages on [doterratools.com](http://doterratools.com).

The Daily Nutrient Pack™ (DNP) was created for customization purposes. If you would like to buy the pack without the Alpha CRS+ so that you can enjoy the savings and then be able to add other dōTERRA supplements that are more relevant to your needs, this is the option for you.

If you order either the Daily Nutrient Pack™ or the Lifelong Vitality Pack on the **Loyalty Rewards Program (LRP)**, you have the option of adding up to 3 other supplements at a significantly reduced price.

## Customize and Save

With the purchase of one Lifelong Vitality Pack or one Daily Nutrient Pack via the loyalty rewards program, choose up to 3 additional targeted supplements at a significant savings.
